Purpose:

This manual outlines the rules governing resident property at the Virginia Center for Behavioral Rehabilitation. This guide can be modified at any time at the discretion of VCBR Administration.

The Virginia Center for Behavioral Rehabilitation (VCBR) will develop and maintain comprehensive rules addressing security and treatment concerns related to the management of resident property. VCBR will also maintain Facility Instructions governing the procedures and processes related to property within and entering the facility.

****Please note that this guide is not all inclusive, and any items that residents are interested in purchasing should receive prior approval before ordering.****

Specific Provisions:

1. Approved Articles and Limits

The purpose of the approved articles and limits list is to provide specific information pertaining to resident possessions and property. Residents are not allowed to receive or possess personal property items not included in this list. The Approved Articles and Limits List explains which articles are allowed, how many articles they may possess, how these articles may be obtained and other details concerning allowable resident property.

The Property Committee which will meet weekly to address resident requests to allow items not included within this manual. Approval to receive items not listed in this manual will only be made under extenuating circumstances when the educational, medical, treatment, or religious needs of the individual depends on the receipt of an item not listed in this manual.

Residents should not order items that are not listed in this guide without PRIOR approval.

When reviewing requests for items not in this Guide, the Property Committee will only approve receipt of an item if receipt of the items directly impacts:

- The medical needs of the resident
- The treatment needs of the resident
- The religious/spiritual needs of the resident
- The educational needs of the resident

Items confiscated as contraband can be appealed to the Property Committee within 5 calendar days of notification. The Property Committee will provide a response within 10 business days to the resident.

Property will be recorded on the Personal Property Inventory Sheet. Any property in the resident's possession which is not noted on the Personal Property Inventory Sheet will be confiscated and held by the facility pending further investigation. The Approved Articles and Limits List will be updated as required.

All items received at VCBR are subject to inspection and approval. All packages will be opened and screened for contraband without the resident being present.

All property/clothing will be screened, searched, x-rayed and approved prior to the resident receiving the item(s). All items **must have a factory label** with a contents/ingredients table indicating what the contents of the package/item are, and/or be accompanied with a Material Safety Data Sheet (MSDS). Any items depicting pictures or logos that glorify the use of alcohol, promote the use of drugs and/or are considered offensive will not be permitted. (i.e. flags, cups, clothing, posters, etc.)

All items must fit through the x-ray machine, which has a maximum size of 30” long, 20” wide and 13” high in the box. This includes vendors, drop-offs and/or mailed packages.

Specific electronic items will have security seals attached by Property staff to protect against tampering or alteration. Seals must remain intact. Any removal of these seals by residents will result in the item being confiscated for inspection. Intentional removal of the seals may result in loss of the item. If seals need to be replaced, it is the resident’s responsibility to notify Property Department immediately. Electronic items will be engraved by the Property Department. However, all items will be verified against the resident’s personal property inventory.

Please be advised of the following Virginia Code:

§ 18.2-215. Removal or alteration of identification numbers on household electrical appliances; possession of such appliances.

No person, firm, association or corporation, either individually or in association with one or more other persons, firms, associations or corporations shall remove, change or alter the serial number or other identification number stamped upon, cut into or attached as a permanent part of any household or electrical or electronic appliance where such number was stamped upon, cut into or attached to such appliance by the manufacturer thereof.

No person, firm, association or corporation shall knowingly have in his or its possession for the purpose of resale or keep in his possession for a period in excess of forty-eight hours without reporting such possession to the appropriate law-enforcement agency in his county, town or city a household or electrical or electronic appliance, with knowledge that the serial number or other identification number has been removed, changed or altered.

Any person, firm, association or corporation violating the provisions of this section shall be guilty of a Class 1 misdemeanor.

(Code 1950, § 59.1-43; 1968, c. 439; 1975, cc. 14, 15; 1976, c. 305.)

This guide can be modified at any time to the discretion of the Department of DBHDS and the Commonwealth of Virginia.

2. Pre-Approval for Items not Listed in the Guide

Annually, the Property Committee accepts resident suggestions for items to be included within this Guide.

Unless prior approval is provided by the Personal Property Committee, residents are not allowed to receive or possess property items not included in this Guide.

Any items not listed in this guide or pre-approved for possession by the Property Review Committee will not be provided to the resident. It is the resident's responsibility to either:

- i. Assure the item is allowed per this guide (considering applicable limitations to specific items), or
- ii. Obtain PRIOR approval to receive the item from the Property Review Committee.

To request prior approval for an item not listed in this Guide, the resident shall submit a Resident Request/Correspondence Form addressed to the Property Committee requesting permission to order the item. The request shall include the following:

- A description of the item requested
- The name of the vendor the item will be ordered through if approved
- If possible, a picture of the item
- Information related to how the medical, treatment, educational, or religious needs of the resident depend on receipt of the item

When reviewing requests for items not in this Guide, the Property Committee will only approve if receipt of the item directly impacts:

- The medical needs of the resident
- The treatment needs of the resident
- The religious needs of the resident
- The educational needs of the resident

If a resident is denied possession of an item, the resident will be issued a memorandum from the Property Committee indicating the reason possession was denied (e.g., not allowed in Property Guide, offensive language, etc.).

****NOTE: Effective August 1, 2014, there is no final appeal process for property items. Items not approved per this guide or pre-approved must be disposed of using the disposition process.****

3. Packages

The allowable number of packages per quarter is based on the resident's phase. No additional packages for residents with green cards.

- **Residents in Phase 1 are allowed 2 packages per quarter.**
 - **Residents in Phase 2 are allowed 3 packages per quarter.**
 - **Residents in Phase 3 are allowed 4 packages per quarter.**
- (See chart below for the quarterly cycle.)**

A *package* is defined by the Postal Service as: **Contents are unbendable or over $\frac{3}{4}$ inches thick.** An example would be a CD, Video game, etc. **If an envelope (padded or regular) is sent through the mail that contains an item that needs to be inventoried, it will be counted as a package.**

The package must not weigh more than **25 pounds** (electronics are exempt) and must be within the 30"x 20"x 13" (L x W x H) dimension limit.

Packages may be delivered by mail or dropped off by a visitor **during regular visitation hours only**. Packages being delivered can only be left for the resident being visited.

Residents are not allowed to receive mail or packages from current or former staff of VCBR. Any mail or packages of this nature will be confiscated and retained by VCBR.

All mail and packages (including those dropped off) must clearly provide required information. A package and mail received without the required information will not be accepted and will be returned to sender. Required information includes:

- Full name of the resident
- Full return address of the sender
- Full name of the sender
- Post marks must match the return address
- All information must be legible

If the package does not have a return address, it is deemed undeliverable and returned to the local postal office. The local postal office forwards all undeliverable mail to USPS Mail Recovery Center. It is not VCBR's responsibility to recover returned packages.

All packages must be sealed appropriately before arriving to the facility. This includes packages that are mailed in and dropped off. All incoming **mail** and packages are subject to address verification. This verification may take place before the package is issued. If the address cannot be verified, the package will be **confiscated by VCBR**.

Items being sent out for repair/replacement will not count as a package as long as the item is being sent to a company and the company sends the same type of item back.

VCBR will not be responsible for any items mailed or dropped off to residents that have been damaged. Items delivered from a vendor that are damaged must be handled through the vendor.

If determined through investigation a resident is providing packages to another resident that is on package restriction or at their quarterly limit, the resident who is providing the packages will be referred to the treatment team and placed on an individualized package restriction immediately. Also the resident that is currently on restriction will be referred to the treatment team for a possible extension on his current restriction.

Official letterhead must accompany anything coming from other Facilities (churches, VA Hospitals, etc.). This will be reviewed on a case by case basis.

If a vendor order is shipped in multiple boxes (properly labeled w/ same order number) each box is considered a package towards the resident's package limit. It is the resident's responsibility to inform vendor of package restrictions. **VCBR will not be responsible for multiple packages from a vendor.** Any errors with packages from vendors will not be honored. Residents will be held responsible for vendor errors.

All items received must have a factory seal and label. A contents/ingredients table indicating what the contents of the package/items are or Safety Data Sheet (SDS) **is required.**

All mail and packages that are addressed to the facility with a fictitious "company name" using VCBR's address, whether it is the street address or the post office box, will be returned to sender. An observation note will be generated if this occurs.

All items received at VCBR are subject to inspection. All packages received will be opened and screened for contraband without the resident being present. This inspection may include a search of individual items and x-ray.

Packages received are processed and delivered to residents as quickly as possible using available resources; residents should not expect a set timeframe for delivery **as VCBR does not have a set time to deliver external packages to residents.**

Any packages over the quarterly limit **will not be processed. Residents will receive a confiscation form, and the package will be disposed of via the disposition process within 30 days of receipt of the confiscation form. Packages will not be held from one quarter to the next. There will be no appeals or exceptions for holding property from one quarter to the next.**

Quarterly Cycle
April - June
July - September
October - December
January - March

If you have any questions or concerns with packages, residents must send a request to the Property Department. Property will not be discussing the status of your packages with outside sources (i.e. family and friends), unless the Property Department has an issue that directly affects someone other than the resident. In this situation, the Property Department will initiate the contact with the proper person.

4. Food Items/Miscellaneous

Food items may be purchased through a retail vendor only. Canned sodas and **canned** juices are permitted in personal packages but should not exceed 20 oz. each. Residents are allowed to order **16.9 oz.** bottled water (**plastic only**) from legitimate vendors only. Residents are not permitted to receive bottled water from home. Residents are not allowed to receive any more than 24 canned sodas at one time **whether it is an order from a vendor or a package(s) being dropped off. Residents may have no more than 24 canned sodas, canned juices, and /or bottled water in their possession at a time.** All items must be factory labeled and factory sealed. No perishable food items allowed. Canned items must have pop tops, no can openers are allowed.

Food items requiring refrigeration after opening must be single serve items able to be consumed by an average individual in one setting.

Food items that require extended cooking and/or changing of temperatures during the cooking process and cooking for an additional extended time period will not be approved. Instant food items and items that can be heated in the microwave five minutes or less will be approved. **Packaging must have microwavable instructions.**

Consumable items (i.e. food, candy, etc.) arriving in personal packages, even if in original packaging will not be permitted. Items in glass containers are prohibited.

Food items such as sugar, yeast, and flour (this list is not all inclusive) are not allowed in the facility.

No energy drinks or energy powders are allowed.

Items such as vitamins, creatine powder, various protein powders, dietary supplements, etc. (this list is not all inclusive) will not be approved through the Property Committee.

5. Items Obtained from Retail Vendor

- A. Items must be shipped by the retail vendor where purchased, with a preprinted or store-stamped label on the outside of the package from the vendor where purchased. Property staff must be able to determine the origin of the package either by commercial printing, invoice or receipt, and/or be able to contact the vendor or the package will be returned to the sender at the resident's expense. Residents are encouraged to obtain and retain receipts for items purchased. All property received from retail vendors must be new or refurbished by the vendor. Vendors are subject to verification. If a vendor cannot be verified, the package may be disposed of using the disposition process.
- B. Legitimate vendors are those that routinely ship to customers, are commercial vendors, and provide shipping invoices.
- C. Free gifts that **do not** accompany the order will be counted as a package. Free gifts that come with orders **will not** be counted as an additional package. Non-allowable items will follow the disposition process. Allowable items will be delivered to the resident as long as the package is within the property guidelines.
- D. Glass items are prohibited.
- E. **No metal tins will be allowed. This includes metal tins that contain food items such as cookies, nuts, etc. The contents of the metal tin must be in clear plastic packaging in order to receive the contents. If the contents are not encased in clear packaging, the entire item will be considered to be contraband, and will have to be disposed of by following the disposition process (mail out, visitor pickup, donate, or destroy).**
- F. Vendors may be contacted by the Property Department when processing and/or shipping discrepancies occur or at the discretion of the Facility.

6. Damaged, Destroyed or Missing Property

Residents are responsible for the security, care and maintenance of their personal possessions. VCBR will not be held responsible for misplaced, broken, destroyed, or stolen items unless a staff member's direct action resulted in the misplacement, breaking, destroying, or stealing of the item (i.e. the staff member dropped the item, etc.)

To request reimbursement for damaged, destroyed, or missing property, the resident must notify a Security Team Leader immediately. The resident must also submit a written claim to the Property Committee within 10 business days in order for reimbursement to be considered. The following information must be given to the Security Team Leader and included in the written request submitted to the Property Committee:

- Item allegedly damaged, destroyed, or missing
- Staff person allegedly responsible
- Date/Time of the alleged event that resulted in the item being damaged, destroyed, or missing
- Any other information relevant to the allegation

Any residents that do not follow the proper procedure for disposing of an item will be placed on a 1-year waiting period from the date the resident submits the request, before being able to purchase or receive that item again.

The Security Team Leader will investigate the allegation and submit the findings to the Property Committee for review. The Property Committee will review the findings and will submit a written notice to the resident with the decision.

- A. In order for a resident to remain eligible for any reimbursement from VCBR, the property allegedly damaged, destroyed, or missing must be listed on the resident's personal property list. Residents must be able to provide proof of ownership (i.e., produce original receipt).
- B. For items alleged to have been damaged, destroyed, or misplaced by VCBR, if fault of the facility is determined by the internal investigator, VCBR will cover the value of the item in accordance with this policy up to the limit of liability; any additional cost is the responsibility of the resident. The maximum amount of reimbursement is limited to \$200 per claim per resident (i.e., each occurrence/date of damage, destruction, or item missing may result in no more than \$200 reimbursement).
- C. VCBR's limit of liability (i.e. maximum amount of money the facility will pay for an item of personal property which is damaged, destroyed or lost due to the fault of the facility) for specific items of personal property on your property list is:
 - 1. Electronic equipment: up to \$200.00
 - 2. Watches and rings: up to \$50.00
 - 3. Other Jewelry: up to \$10.00
 - 4. All other items: up to \$50.00

- D. The amount of reimbursement to a resident will be based on the Depreciation Calculator. This calculator computes the depreciated value of an item, given the items' age and replacement value.
- E. Residents are responsible for securing their property. VCBR will not be responsible for reimbursement or replacement of resident's property, including state items, that were left unsecured, left in the laundry room, or left in a common area. This includes any property in a room in which the door lock has been disabled by a resident. **This includes leaving the facility for a medical appointment, admission to the hospital, being housed on Unit 4A, Unit 4B, or incarceration.**
- F. VCBR requires that all personal property such as radios, TVs, and other electronic equipment be labeled and engraved with a personal property identification tag with the resident's name in order to account for any property that is reported missing, stolen, or damaged. Items discovered with missing or altered identification tags or tamper seals will be confiscated. Residents who refuse to have the property labeled will not be allowed to receive that property item.

7. Contraband, Excess Property and Damaged / Worn Out Property

- A. **Contraband**, whether discovered upon entry into the facility (e.g., by mail or drop-off) or is found within the facility, will be confiscated and disposed of according to the procedures outlined in **Facility Instruction No. 127: Searches and Contraband**. In brief, items deemed by Property or other discovering staff to be nonconforming property (e.g., items that are too large or too numerous) will be disposed of according to the reasonable wishes of the resident within a certain period of time following the confiscation; items deemed to be nuisance (e.g., garbage, alcohol, tobacco) or dangerous contraband (e.g., weapons, sharps), however, will be disposed of by the facility immediately and without regard to resident preference. Any property can be reviewed for safety and security reasons; and denied if the property poses a risk. The property committee will review past events, contraband and confiscated items as part of the annual policy update. All confiscations will be logged on a confiscation notification form (VCBR 226.3) and a copy will be provided to the resident at the time of the confiscation or as soon afterward as reasonably possible.
- B. If dangerous contraband is found in a package, the entire package will be considered contraband and will be disposed of at the Facility's discretion. The resident does not have the ability to use the disposition process.
- C. If items are confiscated during a room search conducted by VCBR staff, the resident has 10 business days to appeal the confiscation to the Property Committee.
- D. **Excess Property** is property that does not fit in the VCBR approved storage. Excess property or property the resident no longer needs, will be disposed of (See Section 8: Disposal). All items in excess of the provided storage in the residents room is deemed to be contraband and must be disposed of.

Property limits can be determined by the following:

- VA Fire Code
- Issued Storage
- Room Inspections

VA Fire Code:

All items will be reviewed on an individual basis to ensure it complies with fire code standards.

- Flame retardant curtains (will be issued by facility)
- Nothing blocking/covering lights, vents, intercoms
- Nothing hanging from ceiling or vents
- All storage and **wall hangings** must be 18" below the sprinkler system
- Storage on shelf and desk does not exceed 12" high
- No excessive storage of paper products or **cardboard boxes**
- No tampering with electrical outlets
- **No surge protectors, no extension cords, or GFI receptacles**
- Some property items must be *flame retardant*. (i.e. blankets, rugs, pillows, curtains)
(Each will be reviewed on a case by case basis)

- E. **Damaged / Worn out Property** is property which is broken, altered (i.e. item not in the original packaging) or worn out (i.e. damaged to the extent that it is nearly or completely unserviceable will be classified as contraband). If staff discovers this property, the items may be subject to disposal at the facility's discretion.

When residents wish to dispose of any item because of damage, wear, or other reason, they must notify Property Staff via resident request to have the property disposed of and change made to resident's inventory.

- F. **Storage:** All personal property owned by a resident must be able to fit within the approved storage areas provided within the resident's room (e.g., wardrobe, footlocker, etc.). This includes electronic items (televisions, video game systems, etc.). While all items do not need to always be kept in storage areas, all items must be able to fit within the provided storage areas.

At any time, a resident may be asked to verify that their possessed items are able to fit within the provided storage areas. If possessed items are not able to fit within approved storage areas, the resident must select items to dispose of so that possessed items may fit into the provided storage area. Items that do not fit will be considered contraband. Please refer to page 13 for contraband procedures.

Approved storage areas include wardrobes and footlockers, etc. and are provided according to the type of room the resident is assigned.

Storage areas are not the property of the resident and may not be transferred between residents, shared amongst residents, or taken with a resident when the resident changes rooms.

Property left in common areas will be considered contraband, and will be confiscated and disposed of at the Facility's discretion.

8. Disposal

- A. Contraband property can be disposed of or retained by the facility. Any property confiscated that does not belong to the resident (i.e. CDs, DVDs, clothing, electronics, **this list is not all inclusive.**) will be retained by VCBR staff and disposed of at the facility's discretion. In the event the contraband is deemed to pose a threat to the health or safety of residents and staff, it will be disposed of immediately at the discretion of the Supervisor.
- B. Residents are allowed 30 days to dispose of excess property, damaged or worn out property upon receipt of the **Confiscation Notification Form or Property Disposition Form from the Property Department**. Packages will be returned to sender at the resident's expense, arranged to be picked up by a visitor, donated or destroyed.
- C. When a resident chooses to ship property, that is on his property inventory, via US Mail or UPS, the resident must submit the property and/or documentation unsealed for inspection. The package will be shipped from the facility within 15 days of receipt of the Resident Fund Withdrawal form from Financial Services.
- D. Residents can donate personal property from their inventory to VCBR (i.e. the Library or Art Department) by filling out a disposition form through the Property Department. The proper paperwork must be completed through the Property Department. **Residents cannot take the donations to a particular VCBR department. Residents must go through the Property Department.**
- E. It is prohibited to use VCBR as a distribution center (i.e. store box)
- F. If an item is confiscated that may provide evidence in an investigation, including clinical investigations, this item may be turned over to the appropriate agency.
- G. A resident has the ability to appeal a decision to the Property Committee within 5 days of receipt of the Property Confiscation Form.

Type of Review	Processing Time	Next Step	Final Step
Approved Property	Packages received are processed and delivered to residents as quickly as possible using available resources; residents should not expect a set timeframe for delivery as VCBR does not have a set time to deliver external packages to residents.	Deliver to Resident	N/A
Media for Clinical Review	4 Business Days (to get to Clinical)	7 Business Days for Clinical Review and Return	<ul style="list-style-type: none"> Upon receipt from Clinical property will be delivered within 3 business days if approved See final line below
Appeals to Property Committee	Weekly (per scheduled Committee Meeting)		<ul style="list-style-type: none"> If approved, property is delivered as quickly as possible using available staff resources. If disapproved disposition process must be followed.
Media Disapproved	N/A		<ul style="list-style-type: none"> Final Appeal for <i>Media</i> to Clinical Director

9. Borrowing, Lending, Gambling, or Giving Property

Borrowing, lending, selling, trading, buying or giving property, state issued food items, personal clothing, or stated issued clothing, shoes, laundry bags, or commissary away is prohibited amongst residents.

Any property taken off of the living unit is subject to search and confiscation if found to be borrowed, lent, or given to another resident.

VCBR is not liable for any transactions related to borrowing, trading or lending of items. The Property Committee will not review request for borrowing, lending, or trading of resident property.

Purchases from the VCBR Market Store may not be resold to another resident.

Any residents that do not follow the proper procedure for disposing of an item will be placed on a 1-year waiting period from the date the resident submits a request, before being able to purchase or receive that item again.

10. Content Review

- A. **Clinical** Services is responsible for approving all resident media entering the facility. All media entering VCBR must meet the following standards (among others that are specific to the individual resident): the media may not contain predominantly offensive content or gang related material, violence, sexual content, nudity or any other content deemed to be inappropriate or otherwise counter therapeutic will not be approved.

All Digital Video Discs (DVDs) and Compact Discs (CDs) will be opened and searched prior to entering the VCBR Facility. This is being done in adherence to Facility Instruction 207 which states *“All incoming resident packages will be searched outside the secure perimeter of the facility prior to delivery to the resident.”* In addition to Facility Instruction 207, VCBR has an exemption to Rules and Regulations to Assure the Rights of Individuals Receiving Services from Providers Licensed, Funded, or Operated by DMHMRSAS/DBHDS. The specific exemption to *12 VAC 35-115-50 Dignity, C.6 and 7 Right to Communicate with Any Person by Mail or Telephone*, permits VCBR staff to open packages outside the presence of the resident.

B. CDs

- i. There will be a brief screening of music CDs upon arrival, and any CD with artwork or lyrics which clearly promote inappropriate sexual activity or violence will not be allowed.
- ii. A more in-depth, online check of a CD's lyrics may be conducted on a random basis.
- iii. If it is found that the lyrics clearly promote inappropriate sexual activity or violence, the CD will be considered contraband, even if this was not originally detected during the initial screening.

C. DVDs

The following content guidelines will be determined the suitability of a DVD for resident:

- a. DVDs with an NC 17 or X rating are not permitted;
- b. Director's cut versions of R-rated movies will not be approved;
- c. DVDs whose titles cannot be found in the Internet Movies Database or Netflix will not be considered for approval. Exceptions may be made for commercial DVDs for hobbies, religious purposes and other specialties.
- d. Unrated or Non-rated are generally not allowed. The following unrated/nonrated DVDs will be considered on a case-by-case basis:
 - i. DVDs produced prior to the 1960s (before the rating system)
 - ii. Documentaries

- iii. Instructional videos, such as college lectures, foreign language instruction, etc.
- iv. Unrated/Non-rated DVDs that are on the allowed list. (Each living unit will submit (3) DVDs to be considered twice (2X) a year. An updated list will be provided. Units will be notified by R.A.C. when to submit the list.

D. Allowed DVD list

- i. The Clinical Director will generate an allowed **R-Rated, UnRated/Nonrated DVD and M-Rated Game** list.
- ii. No X-rated DVDs will be allowed.
- iii. Only R-rated and Unrated/Nonrated DVDs that are on the allowed list will be approved.
- iv. Each living unit will submit (5) R-rated and/or M-rated games, and three (3) Unrated/Non-rated DVDs to be considered twice (2) a year.
- v. Units will be notified through R.A.C. when to submit the list.
- vi. Once the submitted list has been reviewed and determinations made about which one will be allowed, an updated allowed list will be posted on each living unit.

E. Non-Factory Sealed Religious CDs/DVDs

- i. Religious CDs/DVDs will count as a package.
- ii. The CD/DVD must be accompanied by a signed letter on the religious organization's letterhead.
- iii. The CD/DVD will be screened by the Property Committee within ten (10) working days.
- iv. The authenticity of the religious organization sending the CD/DVD is subject to verification.

NOTE: Ordering DVDs can be risky and expensive, as residents may not always get exactly what they ordered. Residents ordering R-Rated movies on the allowed list are responsible for ensuring that the company does not instead send the unrated version, as the unrated version will not be allowed unless it is also on the allowed list. Residents should also make sure the disk does not contain additional unapproved movies. If this happens, the entire disk will not be allowed. The resident is responsible for returning the DVDs that are not allowed.

The Film Advisory Board uses these ratings:

C-Children	(Equivalent to "G")
F-Family	(Equivalent to "G")
PD-Parental Discretion	(Equivalent to PG)
PD-M Parental Discretion-Mature	(Equivalent to PG-13)
EM—Extremely Mature	(Equivalent to R)
AO-Adults Only	(Equivalent to X)

TV Ratings are as follows:

TV-Y, TV-Y7, TV-Y7-FV and TV-G	(Equivalent to “G”)
TV-PG and TV-14	(Equivalent to “PG”)
TV-MA	(Equivalent to “R”)

Dove Approved Family “For All Ages” is considered equivalent to “G”

F. Video Games

- i. Games with rating of (M) are not permitted unless on the allowed list.

G. Video Games, CDs, and/or DVDs that contain the following content will generally not be considered suitable.

- i. Depictions of abuse of an adult, child, or animal;
- ii. Excessive or gratuitous violence or content that glorifies violence;
- iii. Content that sexually objectifies or depersonalizes other persons;
- iv. Content that justifies deviant or inappropriate sexual activity;
- v. Content that promotes antisocial attitudes;
- vi. Frontal nudity.
- vii. Depictions that promote the deliberate infliction of pain or fear on another person;
- viii. If a resident receives media with content that is not considered contraband, but is considered by his treatment team to be counter-therapeutic for him, he will be counseled about this, and his choice about whether or not to keep the media will be documented in his chart.

Note: DVDs and CDs will count as a package. Periodicals will not count as a package (i.e. subscriptions, magazines and/or newspapers).

11. Admissions and Transfers

- A. Clothing must not be altered, must be in good condition and quantities must not exceed clothing limits set forth in the property guide.
- B. **Residents will not receive state items if they are in possession of comparable personal items. Please refer to Facility Instruction No. 152.**
- C. Upon admission to VCBR no opened canteen food, hygiene or items are allowed. Residents will receive a confiscation form.
- D. Upon admission residents will be advised of procedures and will be given the opportunity to sign the Resident Personal Property form. If the resident refuses to sign, this will be noted on the form.
- E. During admission, residents are expected to provide a mailing address or **designee** to send their personal property to or **pickup** upon discharge or transfer to a local or regional jail or Department of Corrections. A resident may change this address or **designee** at any time by sending a written request to the Property Department. Failure of a resident to provide an address **or designee** to send personal property to shall not exclude a resident from the procedures in this section.
